

# Facilitator Ambassador for Professional Development

The Facilitator Ambassador for Professional Development badge captures the important step that the facilitators are taking by moving beyond earning the facilitator Open Course badge and delivering the Open Course nationally and locally. By taking action with their own professional development and supporting their peers in the teaching and learning community, they are demonstrating confidence in their role as a facilitator and their commitment to continuous professional development. Furthermore, they support capacity building for Open Courses across the sector and while developing a community based approach to teaching and learning enhancement.
